OEM / ODM & private label

Your logo engraved on the leather, your sizes, patterns and colours, or an adaptation of our existing designs. Every sample is confirmed with photos before production.

Quality control

Quality is agreed against an approved sample. The checks for each order, including size, colour and finish and the pre-shipment check, are confirmed in the quotation.

Natural material

Hair-on cowhide is natural: pattern, shade and exact size vary from hide to hide. Final size and design are confirmed with photos before payment.
